

Community-Led Total Sanitation

Dear friends and colleagues

Welcome to the **October 2009 CLTS Update**.

Many new items have gone up on the CLTS website over the past couple of months. We started further work to improve the way the website works and hope that by the time of the next newsletter, these new functions and additions will be in place.

Please contribute your materials on CLTS, whether formal or informal, by emailing P.Bongartz@ids.ac.uk

COUNTRY SECTIONS

NB: Many of the country introductions need updating. CLTS is moving fast and we would like to be as up to date as possible. We are only able to do this with your help and input. So please continue to share with us the most recent updates from your country. If you would like to add to the information in the introduction section of your country, please contact P.Bongartz@ids.ac.uk

NEW CLTS Photos
