

CLTS in Africa: Experiences, challenges and ways forward *Wednesday 20th July, 10.00 to 13.30*
Session Chair: Archana Patkar, WSSCC

Starting with an overview of CLTS in Africa, this session will focus on several areas that are key to the progress and success of CLTS in Africa. Drawing on experiences from a range of countries and organisations, it will offer insights into key challenges, lessons and ways forward clustered around three aspects of CLTS: Under *Local level champions and actions*, practitioners will present systems that have proven useful for supporting local level activities and building strong foundations for CLTS practice. *Strategies and practices for scaling up* looks at different aspects and approaches of going to scale with CLTS. And *Frontiers for CLTS* brings together a range of innovative approaches such as for example SLTS and urban CLTS. The session will also be informed by the CLTS Sharing and Learning Workshop on CLTS that will take place before the conference.

1. *Opening words* (Kamal Kar)
2. *Messages from the Sharing and Learning workshop on CLTS* (Robert Chambers)
3. *Overview of progress with CLTS in the West and Central Africa and East and Southern Africa regions* (Jane Bevan, UNICEF)
4. *Local level champions and actions*
 - **Peer learning and support systems for CLTS in Malawi** (Chelsey Rhodes, EWB)
 - **Role of district level reflection and government leadership in scaling up CLTS in Kenya** (Chiranjibi Tiwari, SNV)
 - **Supporting Champions at all levels in Zambia** (Wiscot Mwanza, Plan)
 - **Supporting Natural Leaders for CLTS scale up in Sierra Leone** (Ramatu Jalloh, UNICEF)

Discussion and Q&A

5. *Strategies and practices for scaling up*
 - **Working on sustainability of CLTS in Malawi** (Ulemu Chiluzi, Plan)
 - **The interface between CLTS and Sanitation Marketing in Uganda** (Carol Nabalema, Plan)
 - **Coordination at National Level for Scaling up CLTS in Ghana** (Kweku Quansah, Directorate of Environmental Health and Sanitation)
 - **Post-triggering follow up and going to scale with CLTS in Mali** (Modibo Diallo, National Directorate of Sanitation)

Discussion and Q&A

6. *Frontiers for CLTS*
 - **Revitalising CLTS in Nigeria** (Ada Oko-Williams, WaterAid)
 - **Scaling up Community Led Total Sanitation in Nigeria** (Lonis Salihu, Ministry of Water Resources, Nigeria)
 - **School-led Total Sanitation in Ethiopia** (Atnafe Beyene, Plan)
 - **Urban Community-led Total Sanitation in Nairobi, Kenya** (Rose Nyawira, Community Cleaning Services)
 - **ICTs & CLTS: Using Participatory GIS & Mobile Technology for M&E (MIS)** (Samuel Musyoki, Plan)

Discussion and Q&A

7. **Looking forward: Comments and concluding remarks** (Nilanjana Mukherjee, WSP; Susana Sandoz, UNICEF Mauritania; Nicolas Osbert, UNICEF Mali)
